

SMARTLED900

Smith-Victor - WARRANTY -

Smith-Victor warrants to the first commercial owner to be free from defects in the material and workmanship for a period of one (1) year from the date of purchase and will repair or replace product found to be defective under normal use. Warranty does not cover damage caused by shipment, by product abuse, accident, modification, disassembly or use beyond intended use specified by Smith-Victor. The Umbrella Kits used with nonstandard Smith-Victor electrical accessories will render this warranty immediately void.

This warranty is the only warranty made to any person by Smith-Victor and is in lieu of all other expressed or implied warranties. The remedies set forth in this warranty shall be the exclusive remedies available to any person for breach of this warranty. Under no circumstances shall Smith-Victor be liable to any person for incidental or consequential damages, whether arising out of breach of warranty or other contract, negligence, strict liability or other tort or otherwise.

999601 Manual for SmartLED900_1-2018

SMARTLED900

User Manual

**Model: SmartLED900
Item: 401626**

Simply download the app to your smartphone to control lights from your phone. Available for both iOS and Android.

Featuring

**Bluetooth LED Bulb
Model: SmartLED50
Item: 401625**

What's in the Box:

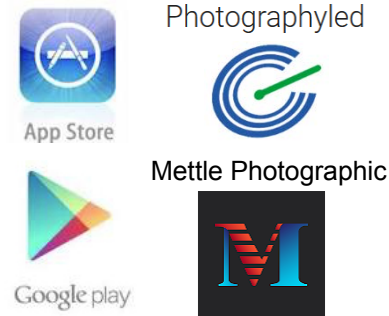

Kit includes:

- (2) Light Stands
- (2) White 33" Umbrellas
- (2) 50 Watt SmartLED50 Bluetooth® bulbs
- (2) Sockets
- (1) Carry/Storage Bag

Set Up of the Kit Components

- Set up the light stands:
 - Loosen the locking screw and open the legs fully.
 - Raise the upright sections to a comfortable height.
- Loosen the thumb screw of the stand mount on the back of the LED Socket Mount.
- Place the LED Bulb Socket onto the top of the stand upright and secure by tightening the thumb screw.
- Insert umbrella into the umbrella holder below the socket and open until it locks in place.
- Screw in the LED bulb(s), being careful to not cross thread the lamp with the socket.
- Plug into electrical outlet after all parts are assembled.
- To disassemble the unit, reverse the process described above.

Control your LED by downloading the app:

Download the **Photophyled** app at the Apple App Store on your iPhone or the Mettle Photographic app at Google Play on your Android device. Follow the instructions and update the app as needed.

- Turn on the SmartLEDs before launching the app. The LEDs will switch on at 30% and power to 100% once connected to the app.
- After launching, the app will automatically search for the LEDs and list them on the screen.
- Lights can be dimmed individually or in groups.
- If you choose to add more lights than are in a single kit, touch "scan" to add more lights to a group.
- For further instructions go to our website at:
<http://www.smithvictor.com/products/>

Photophyled is a third party service and not affiliated with Smith-Victor or other PromarkBRANDS.

SAFETY WARNING PRECAUTIONS:

- Do NOT plug the unit into an electric socket until the kit is fully assembled and LED bulbs are in place. Failure to observe this warning could result in electric shock, injury and even death.
- Appliance must only be used with rated voltage and frequency.
- Avoid unplugging the power by pulling the power cord and do not touch the power cord with wet hands.
- Never attempt to insert any metal objects into the cooling holes of the lamp.
- Avoid moving the umbrella/stand by pulling the power cable.
- Do not use if the unit is damaged, especially the power cord and socket.
- Not to be exposed to moisture.
- Indoor use only.
- Use a professional to fix the unit or contact Smith-Victor with questions.
